Faculty of Journalism and Mass Communication
The St. Kliment Ochridsky Sofia University

Dear Dean,
Dear Members of the Faculty,
Dear Students,

With this brief letter I want to congratulate you with the 70th anniversary of journalism education in your country.

Providing education and doing research in our academic field of Communication and Media Studies is a vital endeavour for academia, for the diversity of businesses, state agencies and civil society organisations, and for society at large.

I wish you another 70 years, at least.

Yours sincerely,
